Name	Category	Description	Cost	Gov/ Military Approved	Link
Deepmotion	3D animations	Create 3D animations from videos through web browser.	No pricing	No	www.deepmotion.com
Face++	AI-Powered Biometrics	Suite of Biometric API tools for identification	Free + contact	Yes	https://www.faceplusplus.com/
Truebees	AI-Powered Biometrics	Deepfake image verification and authentication	Free + from $0.06	No	truebees.eu
Clearview AI	AI-Powered Biometrics	Identifies people from their facial features.	Paid	Yes	https://www.clearview.ai/
Gestualy	AI-Powered Biometrics	Measure satisfaction using real-time gestures.	No pricing	No	gestualy.com
Facia AI	AI-Powered Biometrics	Facial anti-spoofing for fraud prevention.	Contact developers for pricing	No	facia.ai
NEC	AI-Powered Biometrics	Identifies people from their facial features.	Paid	Yes	www.nec.com
Idemia	AI-Powered Biometrics	Identifies people from their facial features.	Paid	Yes	www.idemia.com
Thales	AI-Powered Biometrics	Identifies people from their facial features.	Paid	Yes	www.thalesgroup.com
Descript	Audio/Video Transcription	Suite of Audio/video editing tools	Freemium		descript.com
Dash	Autonomous Vehicles	Autonomous Vehicle Simulator	Free	N/A	https://mattbradley.github.io/dash/
Velo.ai	Autonomous Vehicles	Safe cycling and traffic analysis solution.	No pricing	No	www.velo.ai
Polymath Robotics	Autonomous Vehicles	Adding autonomy to large industrial vehicles.	No pricing	No	www.polymathrobotics.com
Atlas Navi	Autonomous Vehicles	Optimized navigation app for drivers	Free	No	www.atlasnavi.com
AI Car Diagnosis	Autonomous Vehicles	Real-time analysis of vehicle performance.	Free	No	cardiagnosis.softr.app
AIM	Autonomous Vehicles	Retrofitted heavy equipment for safer mining.	No pricing	No	aim.vision
Tesla Autopilot	Autonomous Vehicles	Controls a vehicle's steering, acceleration, and braking.	Paid	Yes	www.tesla.com/autopilot
Waymo	Autonomous Vehicles	Controls a vehicle's steering, acceleration, and braking.	Paid	Yes	www.waymo.com
Uber ATG	Autonomous Vehicles	Controls a vehicle's steering, acceleration, and braking.	Paid	Yes	www.uber.com/us/en/atg
Cruise	Autonomous Vehicles	Controls a vehicle's steering, acceleration, and braking.	Paid	Yes	www.getcruise.com
CyberChef	Cybersecurity	Hacker Toolkit	Free	Yes	https://gchq.github.io/CyberChef/
Vibe AI	Cybersecurity	Military-grade digital asset cybersecurity protection.	From $10/mo	No	vibeai.web.app
Sus Guru	Cybersecurity	Identified potentially malicious websites.	No pricing	No	sus.guru
Hacker AI	Cybersecurity	Code security analysis software.	Free	No	hacker-ai.online
Gamma AI	Cybersecurity	Created reminders.	No pricing	No	gamma.ai
Devops Security	Cybersecurity	Customized security checklists for software dev.	No pricing	No	checklist.devops.security
Alter AI - SecGPT	Cybersecurity	Revolutionary cybersecurity threat detection platform.	No pricing	No	alterai.me
Darktrace	Cybersecurity	Detects and responds to cyber threats.	Paid	Yes	www.darktrace.com
CrowdStrike	Cybersecurity	Detects and responds to cyber threats.	Paid	Yes	www.crowdstrike.com
SentinelOne	Cybersecurity	Detects and responds to cyber threats.	Paid	Yes	www.sentinelone.com
Palo Alto Networks	Cybersecurity	Detects and responds to cyber threats.	Paid	Yes	www.paloaltonetworks.com
Lettria	Data analysis	Collaborative platform for efficient data structuring.	No pricing	No	www.lettria.com
Use Lookup	Data analytics	Instant data analysis and insights in plain language	No pricing	No	www.uselookup.com
PredictEasy	Data analytics	Predictive analysis on Google Workspace data.	Free	No	workspace.google.com
Meet Maya	Data analytics	Data analysis and decision making support.	No pricing	No	meetmaya.world
Hal9	Data analytics	Chat with your data get insights in seconds.	No pricing	No	hal9.com?ref=theresanaiforthat
Continual	Data analytics	Cloud-based predictive modeling using SQL.	No pricing	No	continual.ai
Skydio	Drone Technology	Controls a drone's flight path and sensors.	Paid	Yes	www.skydio.com
DJI	Drone Technology	Controls a drone's flight path and sensors.	Paid	Yes	www.dji.com
Parrot	Drone Technology	Controls a drone's flight path and sensors.	Paid	Yes	www.parrot.com
DroneDeploy	Drone Technology	Controls a drone's flight path, and analyzes mapped data	Paid	Yes	dronedeploy.com
Intel	Drone Technology	Controls a drone's flight path and sensors.	Paid	Yes	www.intel.com/content/www/us/en/homepage.html
Maps GPT	Geospatial Analysis	Generator of personalized maps with editable pins.	Free	No	www.mapsgpt.com
Chatmap AI	Geospatial Analysis	Search locations by natural language input.	From $3.99/mo	No	www.chatmap-ai.com
Scene Dreamer	Geospatial analysis	Generated 3D landscapes from 2D images.	No pricing	No	scene-dreamer.github.io
Mapwith.ai	Geospatial Analysis	Quickly and precisely map using satellite imagery.	Free	No	mapwith.ai
Cybertiks	Geospatial analysis	Analyzed farmland via imagery	From $85	No	cybertiks.com
Orbital Insight	Geospatial Analysis	Analyzes satellite and aerial imagery.	Paid	Yes	www.orbitalinsight.com
Descartes Labs	Geospatial Analysis	Analyzes satellite and aerial imagery.	Paid	Yes	www.descarteslabs.com
Planet Labs	Geospatial Analysis	Analyzes satellite and aerial imagery.	Paid	Yes	www.planet.com
Terra Bella	Geospatial Analysis	Analyzes satellite and aerial imagery.	Paid	Yes	N/A
Blackshark	Global infrastructure	Real-time 3D infrastructure visualization.	No pricing	No	blackshark.ai
VeedoAI	Image and Video Analysis	Analyzed video content in-depth.	No pricing	No	veedo.ai

Name	Category	Description	Cost	Gov/ Military Approved	Link
Snackable AI	Image and Video Analysis	Secure video analysis.	Free + From $19/mo	No	snackable.ai
Photor AI	Image and Video Analysis	Image analysis for selecting best photos.	Free	No	photor.io
InkyMM	Image and Video Analysis	Multi-modal language model for image analysis and chat.	No pricing	No	mm-frontend-ees4nzlyjlh8.octoai.cloud
ImageWise	Image and Video Analysis	Extract info from images through queries.	Free	No	imagewise-oqkz.vercel.app
Loti	Image and Video Analysis	Facial recognition software for online image protection.	From $8/mo	No	goloti.com
AI image detector	Image and Video Analysis	Distinguishing generated and human images.	No pricing	No	detecting-ai.com
OpenCV	Image and Video Analysis	Analyzes images and videos.	Free	Yes	https://opencv.org/
Google Cloud Vision	Image and Video Analysis	Analyzes images & videos to identify objects, faces, text.	Paid	Yes	https://cloud.google.com/vision/
Clarifai	Image and Video Analysis	Analyzes images & videos to identify objects, faces, text.	Paid	Yes	www.clarifai.com
Amazon Rekognition	Image and Video Analysis	Analyzes images & videos to identify objects, faces, text.	Paid	Yes	https://aws.amazon.com/rekognition/
Google Cloud Vision A	Image and Video Analysis	Analyzes images & videos to identify objects, faces, text.	Free	Yes	https://cloud.google.com/vision/
Clarifai API	Image and Video Analysis	Analyzes images & videos to identify objects, faces, text.	Free	Yes	www.clarifai.com
ImageJ	Image and Video Analysis	Analyzes images and videos.	Free	Yes	https://imagej.nih.gov/ij/
Eva.circul	Image generation	Analyzed and labeled data for diverse industries.	Free	No	eva.circul.us
Weka	Machine Learning	Builds and deploys machine learning models.	Free	Yes	www.cs.waikato.ac.nz/ml/weka/
TensorFlow	Machine Learning	Builds and deploys machine learning models.	Free	Yes	www.tensorflow.org
PyTorch	Machine Learning	Builds and deploys machine learning models	Free	Yes	https://pytorch.org/
FireFlies	Meeting Summarization	Meeting Summarization and Transcription	Freemium		fireflies.ai
Tinq	Natural Language Processing	NLP text analysis and rewriting.	From $15	No	tinq.ai
SuperAI	Natural Language Processing	Automation of unstructured data processing.	No pricing	No	super.ai
Metaphor	Natural Language Processing	Web search engine with natural language processing.	Free	No	metaphor.systems
Datalang	Natural Language Processing	Query databases in plain language for non-expert users.	From $19/mo	No	datalang.io
Current Report	Natural Language Processing	Summarizes real-time news on diverse world events.	Free	No	current.report
IBM Watson	Natural Language Processing	Understands and analyzes human language.	Paid	Yes	www.ibm.com/watson
OpenAI's GPT-3	Natural Language Processing	Generates human-like text.	Paid	Yes	openai.com
Google Cloud Natural L	Natural Language Processing	Understands and analyzes human language.	Paid	Yes	https://cloud.google.com/natural-language/
IBM Watson Natural La	Natural Language Processing	Understands and analyzes human language.	Paid	Yes	www.ibm.com/watson/natural-language-understanding
IBM Watson	Natural Language Processing	Understands and analyzes human language.	Free	Yes	www.ibm.com/watson
BigML	Predictive Analytics	Analyzes large amounts of Data	Fremium	Yes	https://bigml.com/
Roboto AI	Predictive Analytics	Analyzed multi-modal sensor and log data for robotics.	No pricing	No	www.roboto.ai
IBM SPSS	Predictive Analytics	Analyzes large amounts of data to identify patterns and trend	Paid	Yes	www.ibm.com/analytics/spss-statistics-software
SAS	Predictive Analytics	Analyzes data to make predictions about future events.	Paid	Yes	www.sas.com/en_us/software/analytics/enterprise-miner.html
RapidMiner	Predictive Analytics	Builds and deploys predictive models.	Freemium	Yes	www.rapidminer.com
Netlogo	Simulation and Training	Simulation of Large Model Patterns	Free	N/A	https://www.netlogoweb.org/launch
GGPredict	Simulation and Training	Platform for CS:GO skill improvement.	From $3/mo	No	ggpredict.io
Improbable	Simulation and Training	Creates realistic, adaptive training environments.	Paid	Yes	www.improbable.io
Unity Technologies	Simulation and Training	Creates realistic, adaptive training environments.	Paid	Yes	https://unity.com
Unreal Engine	Simulation and Training	Creates realistic, adaptive training environments.	Paid	Yes	www.unrealengine.com
Bohemia Interactive	Simulation and Training	Creates realistic, adaptive training environments.	Paid	Yes	www.bohemia.net
Free AI Detector	Threat Detection and Situational	Verification of content authenticity.AI content detection	No pricing	No	contentatscale.ai
Palantir	Threat Detection and Situational	Analyzes large amounts of data to identify threats.	Paid	Yes	www.palantir.com
SymphonyAI	Threat Detection and Situational	Analyzes large amounts of data to identify threats.	Paid	Yes	www.symphonyai.com
Recorded Future	Threat Detection and Situational	Analyzes large amounts of data to identify threats.	Paid	Yes	www.recordedfuture.com
FireEye	Threat Detection and Situational	Analyzes large amounts of data to identify threats.	Paid	Yes	www.fireeye.com
Perplexity					https://www.perplexity.ai/
Midjourney					https://www.midjourney.com/
AskSage					asksage.ai
